Rules & Information

Win Medals & Prizes!

Models will be judged by your fellow CCF attendees in the following categories...

★ Best of Steampunk Style

- Make something amazing, make something beautiful.
- Add steam, add brass, add lights and more.
- Attendees will vote on which model boat has the most steampunk style!

★ Best of Steampunk Propulsion

- Must be able to move in water with steam engines, stirling engines, etc.
- No battery powered engines for primary propulsion.
- May have remote / battery power for steering.
- Attendees will vote on their favorite working steampunk boat!

★ Best of Through the Looking Glass

- Make something for this year's theme!
- Attendees will vote on their favorite Alice inspired creation!

Overall Rules

- 1) Model **must** float
- 2) Model **must** have propulsion (of some kind) and steering
- 3) Model **must** participate in the "Parade of Boats" on Sunday @ noon
- 4) Model **must** be displayed for the CCF attendees throughout the weekend
...that's it...

Be as creative as you'd like, but the easiest way to get started is to buy a working RC boat and then modify it. Add decorations, lights, small scale weapons, etc. But if you want to do more, go for it! Your imagination, creativity and budget are your only bounds!

Just don't add so much that it sinks to the bottom of the lake when we put them all in the water for the "Parade of Boats" on Sunday.
